

## IMPORTANT DATES

### Closing of Abstract Submission

JUNE 1<sup>st</sup>, 2014

### Acceptance Notification

JUNE 15<sup>th</sup>, 2014

### Closing of Full Paper Submission

JULY 15<sup>th</sup>, 2014

## ABSTRACT & FULL PAPER SUBMISSION

Authors are invited to submit an abstract NOT exceeding 250 words.

Call for Original Article (OA), Case Report (CR) and Literature Review (LR) Papers.

More information on Instruction for authors is available at: [www.seminarbiomaterial2014.com](http://www.seminarbiomaterial2014.com)  
Papers can be submitted via email to: [biomaterial2014@gmail.com](mailto:biomaterial2014@gmail.com).

Selected papers determined by reviewers board will be offered to be published in *International journal* :

1. Journal of Physical Science (Indexed in Scopus)
2. Archives of Orofacial Science  
or *National Accredited Journal* :
  1. Journal of Dentistry Indonesia  
([www.jdentistry.ui.ac.id](http://www.jdentistry.ui.ac.id))
  2. Indonesian Journal of Material Sciences  
([Jusami.batan.go.id](http://Jusami.batan.go.id))

Note : Registration fee exclude transfers fee

## INDONESIAN BIOMATERIALS CONFERENCE 2014

## THE 2<sup>ND</sup> REGIONAL BIOMATERIALS SCIENTIFIC MEETING 2014

18-19 SEPTEMBER 2014

BUMI SURABAYA HOTEL | Basuki Rahmat Str. 106-128  
Surabaya - Indonesia

## TOWARDS APPLIED BIOMATERIALS FOR RECONSTRUCTIVE & REGENERATIVE MEDICINE

### ORGANIZERS

FACULTY OF DENTISTRY, UNIVERSITAS INDONESIA  
CENTER OF MATERIALS TECHNOLOGY - BPPT  
RESEARCH CENTER FOR METALLURGY - LIPI

### CO-ORGANIZERS

SCHOOL OF DENTAL SCIENCES, UNIVERSITI SAINS MALAYSIA  
MALAYSIAN BIOMATERIAL SOCIETY  
INDONESIAN BIOMATERIALS SOCIETY

Supported By

## BACKGROUND

The advancement of biomaterials research and engineering in Indonesia need more acceleration to inline with state of the art of world research and development on biomaterials. In application field, it is even more effort required according to the fact that more than 90% of medical products are imported, with most of the products involved biomaterials as important parts. In the mean time, the research and development in the past 5 years has been increasing, involving researchers and engineers from government institutions and academia from many universities. To support the acceleration and the integration that will lead to development of national medical products, it is necessary to provide a forum which gathers all national stake holders to build mutual understanding, to share information, resources and roles, and to go with national development direction to the final goal of welfare of the nation.

Indonesian Biomaterials Society, established in 2012, is going to hold the forum by presenting the Indonesian Biomaterials Conference 2014 in conjunction with The 2nd Regional Biomaterials scientific meeting 2014 In this conference, we are collaborating with institutions, universities and stake holders to organize 2 days conference.

## PURPOSE

The purposes of the conference are:

- To provide a forum for scientific discussion, professional networking, research collaboration, education, and dissemination of scientific research, innovation and industrial products.

- To increase the quality of research and development biomaterials science and technology for local, regional and international scientists or academia.

To encourage the local and regional young scientists to attend and present their works at the regional/international level of biomaterials conference.

## PROGRAM&CONFERENCE

The 2-days conference will consist of 11 plenary lectures and poster session, given by outstanding scientists and whose exceptionally creative work opens up new frontiers for biomaterials science and industrial applications. In addition, there will be two poster sessions allowing for the viewing of a large number of poster presentations. Each poster session will cover the whole topics in Biomaterials Science and Technology. The posters will be separately presented during two days of conference in order to efficiently offer chances to all poster presenters to attract attention of their work.

## MEETING SCOPE INCLUDES

Synthesis, Modeling, Characterizations, and Applications of Biomaterials (Metals, Ceramics, Polymers) Surface Modification of Biomaterials Development of Testing Method on Biomaterials Development of Sterilization Method on Biomaterials. Nano Composite Dental Restorative Materials

## KEYNOTE SPEAKER

Prof. Akihiko Chiba (Institute for Materials Research, Tohoku University, Japan)

### Plenary Speaker

Dr. Endang Bachtiar (Universitas Indonesia)  
Dr. Ferdiansyah (Universitas of Airlangga)  
Prof. Dr. Ismail Ab. Rahman (Universiti Sains Malaysia)  
Assoc Professor Dr. Zainul Ahmad Rajion (Universiti Sains Malaysia)  
Prof. Dr. Sam'an Malik Masudi (Universiti Sains Malaysia)  
Dr. Dwikora Novembri Utomo (Soetomo Hospital)  
DR. Decky Indrani (Universitas Indonesia)  
Dr. Norman Zainal (Linnorth Indonesia)  
DR. Yuniarti Syafril (Universitas Indonesia)  
Prof. Darminto (Sepuluh November Institute of Technology)  
Prof. Dr. Andanastuti Muchtar\* (Universiti Kebangsaan Malaysia)

## REGISTRATION FEE

Registration	Early Bird Before August 18 <sup>th</sup> , 2014	Normal
International • Full Participant • Undergraduate Student	200 USD	250 USD 75 USD
Local • Full Participant • Undergraduate Student	1.000.000 IDR	1.200.000 IDR 500.000 IDR

Email : [biomaterial2014@gmail.com](mailto:biomaterial2014@gmail.com)  
Website : [www.seminarbiomaterial2014.com](http://www.seminarbiomaterial2014.com)
